

New Year, New Options.

We, as stallion owners and managers, have to make adjustments to make it easier for you to stay active in the horse business. If we do not make breeding your mare easier for you, it becomes virtually impossible for us to stay in business and deliver the kind of service you have come to expect from Oasis Ranch. We recognize that most of our clients are working class people - the middle class - and we have always been proud of that. And it is the middle class that has been hit hardest by these disastrous economic times.

With that in mind...

We have put together, without a doubt, one of the finest sets of young stallions available in the nation.

We have taken a pencil to breeding fees and cut them to the bone.

Plus, we are going one step further...

We are offering an innovative financing package to the mare owners who want or need to take advantage of it. The booking fee, mare, care and vet bill will be due and payable as usual: the booking fee payable at time of booking and the mare care and vet bill payable before the mare leaves the ranch. For shipped semen mares the booking fee and shipping fees will be payable prior to shipments. The balance of the breeding fee will be payable in monthly installments directly to the stallion owner. A reasonable current interest rate will be charged for this service. Another option will be a discount on stud fees paid in full at time of booking.

Years ago Oxbow Ranch ran an ad during the financial crisis of the 1980's. They quoted noted financial advisor Bernard Baruch who stated, "Always buy your straw hats in the winter." That philosophy has always stuck with us. Those who weather the storm will emerge from the crisis stronger than ever.

Give us a call, go to the website, come to the Open House or come by the ranch anytime to discuss the options.
